

30 September 2014

**NEW FORMAT for LARC (List of Authorised Racket Coverings)**

Dear Friends,

This is a cover note to inform you that the ITTF is releasing a new format for LARC (List of Authorised Racket Coverings). The new format is effective immediately starting with LARC 35B (1 October 2014) and it's just an administrative change **to ensure we only have one LARC valid at a time and avoid times when two LARCs validity is overlapping**. Effective immediately, from 01 October 2014, only LARC 35B is necessary. LARC 35A, published 01 April 2014, is not necessary anymore, even if it's validity date was until 31 December 2014.

The change you should note is the **one-page annex** added (page 7), where we will list **only the racket coverings withdrawn or suspended from the previous LARC**. These racket coverings **will be removed from the main list and moved to the annex**. Racket coverings on the annex will be valid for **3 months** after the publication date, until the date indicated on the annex.

To summarize, the publication **will continue as before**, twice a year, as following:

**LARC 00A****Publication:** 1 April**Validity of LARC:** 01 April until 30 September**Annex valid only until:** 30 June**LARC 00B****Publication:** 1 October**Validity of LARC:** 01 October until 31 March of the following year**Annex valid only until:** 31 December

In case you have questions, please contact us at [equipment@ittfmail.com](mailto:equipment@ittfmail.com).

Also available on the [ITTF.com](http://ITTF.com) (Home > Equipment > Racket Coverings)

DATE OF PUBLICATION: 1 October 2014

The new rubbers entering LARC 35B appear in ***bold italics***, whilst other changes appear in **bold**, and both are **valid with immediate effect**. **Racket coverings that are withdrawn, now appear on the last page and are valid until 31 December 2014. So don't forget to check the last page of the LARC if you cannot find the racket covering you're looking for.**

Many racket coverings contain additional text in the rubber mould apart from the brand name and supplier's name and this does not disqualify them from the LARC. However, the brand name given in the LARC must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

**How to acknowledge a racket covering from LARC:**

1. Make certain that you have the correct LARC (see date of validity, it is published twice a year, in April and October. Pdf files to be found on our website at all times: [ITTF.com](http://ITTF.com)).
2. The supplier and brand names as well as the ITTF logo and eventually ITTF number should be clearly visible on the rubber.
3. These names should appear in the LARC. If in doubt, check the images/pictures on the ITTF web site.

**LEGEND**

[R] or [B] Indicates that this brand name is available in only red or black respectively.

"Long" Under 'Pimple Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.89.

**01)** Supplier number, may appear in the rubber mould together with the ITTF logo.
